

SEAFOOD TRADE RELIEF PROGRAM

A voided check will be needed for direct deposit

USDA is helping U.S. fishermen who have been impacted by retaliatory tariffs from foreign governments through the Seafood Trade Relief Program (STRP).

Overview

STRP is part of a relief strategy to support American producers while the Administration continues to work on free, fair, and reciprocal trade deals to open more markets to help American farmers and fishermen compete globally.

STRP is funded by the Commodity Credit Corporation (CCC) and administered by the Farm Service Agency. FSA is accepting applications for STRP from **September 14, 2020 to December 14, 2020.**

Who is Eligible?

The program provides direct support to U.S. commercial fishermen who have a valid federal or state license or permit to catch seafood who bring their catch to shore and sell or transfer them to another party. That other party must be a legally permitted or licensed seafood dealer. Alternatively, the catch can be processed at sea and sold by the same legally permitted entity that harvested or processed the seafood.

Products grown in a controlled environment are not eligible for the program except for geoducks and salmon.

Payments are based on 2019 landings of:

- Atka mackerel
- Crab (Dungeness, King, Snow, Southern Tanner)
- Flounder
- Geoduck
- Goosefish
- Herrings
- Lobster
- Pacific Cod
- Pacific Ocean Perch
- Pollock
- Sablefish
- Salmon
- Sole
- Squid
- Tuna
- Turbot

Provide supporting information on 2019 production (such as a Fishing Vessel Trip Report with dealer numbers and names) and a copy of your active Fishing License.

STRP assists U.S. licensed or permitted commercial fishermen for covered species caught in U.S. waters. Seafood processors and processed products are not covered by this program.

Payment Limitations

STRP prohibits a person or legal entity from receiving more than \$250,000 from the program. In addition, an applicant's average adjusted gross income (AGI) cannot exceed \$900,000 unless at least 75 percent of the AGI of the person or entity comes from farming, ranching, forestry, seafood harvesting, or related activities.
